

1000s of Trees Project 2024

Tree-plantings galore this Autumn – we're looking for everything from tree-planting champions to first-time contributors. If you're keen to put a plant in the ground, we'd love you to join us.

Coming up **NEXT** will be a planting of 250 trees at
Railton on **Saturday May 18th**

We will be planting at a lovely and environmentally important site in Railton near Redwater Creek. The site is mostly flat and access is relatively easy. It promises to be a very enjoyable day, a chance to contribute meaningfully, and meet some old and new friends. Full details of site location will be provided when registering to attend.

Start time: 10am. Please bring your own water, gardening gloves, long pants, enclosed shoes and weather-appropriate clothing. Also bring your favourite clean planting tool (if you have one). Standard tools will also be available.

At 12 noon a shared lunch will be provided.

Do let us know if you have any dietary requirements.

Note that in the event of bad weather, we will use email to postpone as required.

→ RSVP essential to: secretary@moumtrolandlandcare.org.au ←

by Thursday 16th May for planting at Railton

(for details of past plantings, see our website, www.moumtrolandlandcare.org.au)

This project is funded by the Healthy Tasmania fund through the Tasmanian Government, and is also supported by Kentish Council
