

# September Tree Planting

Mount Roland Land Care's 1000+ Trees Project is looking for **volunteer tree planters** this September at Claude Road and Barrington. We'd love you to join us. RSVP essential.

## Continuing a Shelterbelt ~ Saturday September 2<sup>nd</sup>

At 349 Claude Road, **accessed via Jeffries Road** (first entrance on the left), Sarah and Matt Watt continue to build their vision for a healthy, biodiverse landscape. Mount Roland Land Care are on board with the continuation of a shelterbelt along the Claude Road border. The planting will be on flat ground and access is easy (look for our large yellow flags 4.7km from Sheffield, towards Mt Roland).

**Start time: 10am.** Please bring your own water, clean gardening gloves, clean sturdy shoes and weather-appropriate clothing. Also bring your favourite, clean planting tool (if you have one).

Standard tools will also be available. **At 12 noon** a shared lunch will be provided.

We will be planting 200+ plants of various shapes and sizes, increasing habitat for various species, capturing a little more carbon, boosting soil health, and providing shade.

## Stream Revegetation ~ Sunday September 17<sup>th</sup>

At 1915 Sheffield Road, on land known as White Hawk Falls, the planting will again contribute to a landholder's larger vision. Mark and Cindy Thompson have cleared a large amount of blackberry and willow from White Hawk Creek (the quest continues) and are embarking on a large revegetation project. Our work will be to plant 200+ plants along the Creek near the entrance to the farm (look for our yellow flags 4.3km from Sheffield, towards Barrington). **Start time: 10am.**

Please bring your own water, clean gardening gloves, clean sturdy shoes and weather-appropriate clothing. Also bring your favourite, clean planting tool (if you have one). Standard tools will also be available. **At 12 noon** a shared lunch will be provided.

**Also: On September 9<sup>th</sup>, we will be planting a smaller number of trees just out of Sheffield on Nook Road. This will be a particularly special event for all who have the pleasure of knowing MRLC life member, Clive Bott. The trees will be on Clive's farm, replacing a row of gums lost to last year's wind storm with blackwoods and a copse of wet-loving wonders. Let us know if you'd like to be involved. And bring your gumboots!**

→ RSVP essential to: [secretary@moutrolandlandcare.org.au](mailto:secretary@moutrolandlandcare.org.au) ←

by the Wednesday prior to each event

*Do let us know if you have any dietary requirements.*

Note that in the event of bad weather, we will use email to postpone as required.

*Adding trees here*

The 1000 Trees project is supported in 2023 by Kentish Council and Align Build
